## STRZEGOM MILITARY BARRACKS, POLAND

This report is a partial answer to DIA requirement DIA-API-63-88, to verify or pinpoint the location of Soviet military garrisons in Poland and to perform a photoanalysis to determine boundaries of the installations, to determine function, number and dimensions of buildings, to estimate troop capacity, and to identify and describe related training areas and facilities and ammunition or POL storage. This report covers a specific installation in the Strzegom area. The installation is shown in Figure 1.

TALENT photography of [REDACTED] was used to determine functions and dimensions of buildings. KEYHOLE photography of [REDACTED] revealed no apparent change in facilities since [REDACTED]

Coordinates: 50-57-55N 016-21-25E (UTM 33UWS953468)

BE No: none

Troop capacity: 5,171\*

This rail- and road-served barracks area on the east edge of Strzegom covers approximately 20 acres and contains:

\*Troop capacity is computed on a basis of 50 square feet of space per man.

8 multistory barracks buildings, three 220 by 70, one 130 by 70, two 110 by 55, one 85 by 55, and one 65 by 55 feet, a total for the eight barracks buildings of 151,300 square feet of floor space\*

3 multistory, U-shaped barracks buildings 325 by 55 feet each (total length of base and wings), a total for the three barracks buildings of 107,250 square feet of floor space, and a grand total for the 11 barracks buildings of 258,550 square feet of floor space

1 multistory, irregular-shaped administration building with a total of 82,000 square feet of floor space

3 one-story storage buildings, 185 by 45, 130 by 65, and 110 by 45, a total of 21,725 square feet of floor space, and

1 multistory probable officers' quarters 65 by 65, a total of 8,450 square feet of floor space.

No associated training areas, facilities, ammunition or POL storage are observed.

\*Multistory building floor space is calculated on the basis of two stories unless otherwise specified.
